Dimensions: 8.4"(l) x 8.4"(w) x .5"(h)

### 16" Hot Air Pizza Crisper

There's a reason restaurants serve pizza on pans like this: aluminum is the best material for even heating and acts as a shield to prevent burning. Airflow created by this pan's tiny holes ensures perfectly crisp crusts. Dimpled feet provide cutting stability. Oversized 16" diameter fits even the largest pizzas.

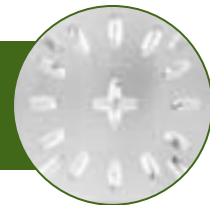

No: 46000 (4) CSPK: 4

Dimensions: 15.2"(l) x 15.2"(w) x .6"(h)

With Air Cushion Inside

### Insulated Baking Sheet

Popular with many home bakers, this pan has a cushion of air between two layers of aluminum. The added insulation is insurance against over-browned cookie bottoms and overdone pizza crusts, especially in ovens with pesky hot spots.

No: 40100 (7) CSPK: 6

Dimensions: 12.96"(l) x 16"(w) x 1"(h)

### Large Cooking Tray

Not only great for making bacon, jerky, dried fruits, crisp fries or tots, also perfectly catches icing when decorating and frosting pastries.

No: 45029 (6) CSPK: 3

Dimensions: 15"(l) x 11.4"(w) x 1.3"(h)

### Deep Dish Pizza Pan

Makes perfect deep dish pizza. Also great for baking and decorating monster-sized cookies!

No: 46500 (9) CSPK: 4

Dimensions: 14"(l) x 14"(w) x 1.5"(h)

### Traditional Pizza Pan

Pizza night is more fun when you can rely on a great crust! No burned bottoms! Includes encapsulated galvanized steel rim for strength.

No: 46400 (2) CSPK: 4

Dimensions: 14.3"(l) x 14.3"(w) x .5"(h)

# Prism® Textured Aluminum Bakeware

Embossed grid pattern enhances the look and performance of our hugely popular baking pans. Exclusive Prism grid adds durability and provides easy release while also improving air flow for uniform crisping.
